

Bellaggio

Residents Association, Inc.

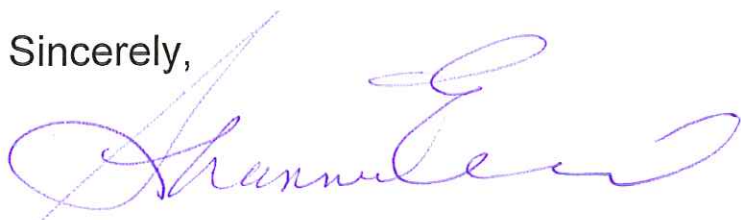

Dear Scott,

The Bellaggio residents had only accolades for the presentation, "Jews Rock!" that you made here on Jan. 30, 2009. Your rapport with the audience and your engaging dialogue made the lecture a huge success.

We were thrilled to reminisce about entertainers we know, take pride in their Jewishness, and learn about other entertainers that bring their Jewish heritage into their workday and performances.

Your accompanying video and music interludes, only helped to enhance the experience. We thank you for a most fascinating look into the lives and music of these Jewish entertainers who incorporated their heritage into their work. It brought a new awareness to our Jewish and non-Jewish residents alike.

Sincerely,

Shannon Emmel, Social Director
Joan Berger, Co-Chair Social Entertainment Committee
Bellaggio Community
